Chapter 1. Introduction

Conventional investigative approaches to solving crime have not always proved to be totally effective. Experience has demonstrated that the use of undercover operations can sometimes provide a powerful investigative tool. History suggests that on occasions it is necessary to infiltrate criminal organisations in order to obtain the evidence that is required to prosecute offenders. Frequently that will entail the involvement of individuals associated with law enforcement agencies in the commission of criminal offences e.g. in the actual purchase and/or supply of prohibited drugs. Such involvement however renders the participants in those activities liable to prosecution. Furthermore, any evidence obtained during such investigations may be excluded in any subsequent prosecution.

In order to address those issues, the *Law Enforcement (Controlled Operations) Act 1997* (the Act) was introduced. It enables a 'controlled operation' to be authorised in certain circumstances. It also regulates their use as well as providing for immunities to be granted to participants involved in them.

The following law enforcement agencies are able to authorise and undertake controlled operations:

- (a) the NSW Police Force,
- (b) the Independent Commission Against Corruption,
- (c) the New South Wales Crime Commission,
- (d) the Law Enforcement Conduct Commission,
- (e) such of the following agencies as may be prescribed by the regulations as law enforcement agencies for the purposes of this Act:
 - (i) the Australian Federal Police,
 - (ii) the Australian Crime Commission,
 - (iii) the Commonwealth Department of Immigration and Border Protection.

Chapter 2. The Regulatory Framework

2.1. Introduction

A controlled operation is defined in section 3 of the Act as meaning an operation which is conducted for the purpose of:

- (a) *obtaining evidence of criminal activity or corrupt conduct, or*
- (b) *arresting any person involved in criminal activity or corrupt conduct, or*
- (c) *frustrating criminal activity or corrupt conduct, or*
- (d) *carrying out an activity that is reasonably necessary to facilitate the achievement of any purpose referred to in paragraph (a), (b) or (c),*

Pursuant to section 13 of the Act, an authority for a controlled operation authorises each law enforcement participant and civilian participant (if any) to engage in the particular controlled activities specified in the authority in respect of that participant.

2.2. Application to conduct a controlled operation

Section 5(1) enables a law enforcement officer to apply to a chief executive officer of the law enforcement agency to conduct a controlled operation on behalf of the agency.

Section 5(2) provides that such applications can be either a formal application, which is a written document signed by the applicant, or an urgent application which can be requested orally in person, by telephone or two way radio. Clause 5 of the *Law Enforcement (Controlled Operations) Regulation 2017* (the Regulation) states that an urgent application should only be made if the urgency of the circumstances render it impractical to make a formal application.

Section 5(2A) of the Act specifies that every application, whether formal or urgent, must include the following particulars:

- (a) *a plan of the proposed operation,*
- (b) *the nature of the criminal activity or corrupt conduct in respect of which the proposed operation is to be conducted,*
- (c) *the nature of the controlled activity in respect of which an authority is sought,*
- (d) *a statement of whether or not the proposed operation, or any other controlled operation with respect to the same criminal activity or corrupt conduct, has been the*

- subject of an earlier application for an authority or variation of an authority and, if so, whether or not the authority was given or variation granted,*
- (e) *the names and ranks of the law enforcement officers nominated to be the principal law enforcement officer and the secondary law enforcement officer for the proposed operation.*

2.3. Determination of an application to conduct a controlled operation by the chief executive officer

Section 7(2) specifies that a person must not be authorised to participate in a controlled operation unless the chief executive officer is satisfied that the person has the appropriate skills to participate in the operation. Section 6(3) states that an authority to conduct a controlled operation may not be granted unless the chief executive officer is satisfied as to the following matters:

- a) *that there are reasonable grounds to suspect that criminal activity or corrupt conduct has been, is being or is about to be conducted in relation to matters within the administrative responsibility of the agency,*
- b) *that the nature and extent of the suspected criminal activity or corrupt conduct are such as to justify the conduct of a controlled operation,*
- c) *that the nature and extent of the proposed controlled activities are appropriate to the suspected criminal activity or corrupt conduct,*
- d) *that the proposed controlled activities will be capable of being accounted for in sufficient detail to enable the reporting requirements of [the] Act to be fully complied with.*

In considering those matters, section 6(4) requires the chief executive officer to have regard to the reliability of the information concerning the nature and extent of the suspected criminal activity or corrupt conduct, the likelihood of the success of the controlled operation and the duration of the proposed operation.

The Act also limits the types of controlled operations that can be conducted. Section 7(1) specifies that an authority to conduct a controlled operation must not be granted in relation to a proposed operation that involves any participant in the operation:

- (a) *inducing or encouraging another person to engage in criminal activity or corrupt conduct of a kind that the other person could not reasonably be expected to engage in unless so induced or encouraged, or*

- (b) engaging in conduct that is likely to seriously endanger the health or safety of that or any other participant, or any other person, or to result in serious loss or damage to property, or*
- (c) engaging in conduct that involves the commission of a sexual offence against any person.*

2.4. Form of the authority to conduct a controlled operation

Section 8(2) provides that an authority to conduct a controlled operation regardless of whether it is formal or urgent:

- (a) must identify the operation by reference to the plan referred to in section 5 (2A) (a), and*
- (b) must identify the principal law enforcement officer who is the person who is to conduct, and to have responsibility for, the operation, and*
- (b1) must identify the secondary law enforcement officer who is the person who is to conduct, and to have responsibility for, the operation whenever the principal law enforcement officer is unavailable to do so, and*
- (c) must identify each person who may engage in controlled activities for the purposes of the operation, and*
- (d) must state whether or not any such person may operate under an assumed name, and*
- (e) must identify:*
 - (i) with respect to the law enforcement participants, the nature of the controlled activities that those participants may engage in, and*
 - (ii) with respect to the civilian participants, the particular controlled activities (if any) that each such participant may engage in, and*
- (f) in respect of an urgent authority, must specify the period (not exceeding 72 hours) for which the authority is to remain in force, and*
- (g) in respect of a formal authority, must specify the period (not exceeding 6 months) for which the authority is to remain in force, and*
- (h) must specify any conditions to which the conduct of the operation is subject under section 6 (1) (a).*

2.5. Variation to an authority to conduct a controlled operation

Section 10 of the Act provides that a principal law enforcement officer may apply to the chief executive officer for a variation of an authority. Such a variation may include extending its duration, authorising additional participants and authorising participants to engage in additional or alternative controlled activities.

Section 10(4) provides that the chief executive officer must not vary an authority unless the chief executive officer is satisfied that a variation is required for one of the following reasons:

- (a) the success of the operation, or*
- (b) the protection of the health or safety of a participant in the operation or any other person, or*
- (c) the protection of property from loss or damage*

2.6. Conduct of Controlled Operations

Section 14 of the Act provides that the chief executive officer may grant a retrospective authority in certain limited circumstances.

Section 16 of the Act provides that an activity that is engaged in by a participant in an authorised operation in the course of, and for the purposes of, the operation is not unlawful so long as it is authorised by, and is engaged in in accordance with, the authority for the operation.

Section 19 of the Act provides that persons involved in an authorised operation are excluded from civil liability so long as their conduct was in good faith and was for the purpose of executing the Act.

2.7. Code of Conduct

Section 20 of the Act provides that regulations may prescribe codes of conduct for authorised operations conducted on behalf of law enforcement agencies. A comprehensive code of conduct is contained in Schedule 2 to the Regulation and includes the following requirements:

1 Applicants for authorities to act in good faith

- (1) *In making an application for an authority, or for a variation of an authority, the applicant must at all times act in good faith.*
- (2) *In particular, the applicant must ensure that the application:*
 - (a) *discloses all information of which the applicant is aware as to the circumstances giving rise to the application, especially those that could affect the way in which the application will be determined, and*
 - (b) *does not contain anything that is incorrect or misleading in a material particular.*
- (3) *If the applicant subsequently becomes aware of information that, had it been known to the chief executive officer when the application was determined, could have affected the way in which the application would have been determined, the applicant must ensure that the information is given to the chief executive officer as soon as practicable.*

2 Disclosure of changed circumstances

If the principal law enforcement officer for an authorised operation becomes aware of circumstances that are likely to require a variation of the authority for the operation, the officer must ensure that:

- (a) *information as to those circumstances is given to the chief executive officer as soon as practicable, and*
- (b) *a written application for such a variation is made to the chief executive officer before it becomes impracticable to do so.*

3 Participants to be properly briefed

Before conducting an authorised operation, the principal law enforcement officer for the operation:

- (a) *must ensure that each law enforcement participant and each civilian participant:*
 - (i) *has a thorough understanding of the nature and extent of any controlled activities in which the participant may be directed to engage for the purposes of the operation, and*
 - (ii) *is made aware of the terms of the authority to the extent to which it authorises the participant to engage in those activities, and*
- (b) *must ensure that each civilian participant undertakes not to engage in any controlled activities other than those referred to in paragraph (a), and*
- (c) *must make a written record of each undertaking given by a civilian participant as referred to in paragraph (b).*

4 Obligations of law enforcement participants with respect to their own actions

At all times during the conduct of an authorised operation, each law enforcement participant:

- (a) *must act in good faith, and*
- (b) *must comply with any lawful directions given to the participant by the law enforcement officer who is conducting, and has responsibility for, the operation.*

5 Obligations of law enforcement participants with respect to the actions of others

Each law enforcement participant in an authorised operation must take all reasonable steps to ensure that the conduct of the operation does not involve any participant in the operation:

- (a) inducing or encouraging another person to engage in criminal activity or corrupt conduct of a kind that the other person could not reasonably be expected to engage in unless so induced or encouraged, or*
- (b) engaging in conduct that is likely to seriously endanger the health or safety of that or any other participant, or any other person, or to result in serious loss or damage to property, or*
- (c) engaging in conduct that involves the commission of a sexual offence against any person, or*
- (d) engaging in any activity that, not being a controlled activity, is unlawful.*

6 Reports to be made in good faith

- (1) In preparing a report on the conduct of an authorised operation, the reporting officer must at all times act in good faith.*
- (2) In particular, the reporting officer must ensure that the report:*
 - (a) discloses all information of which the officer is aware as to matters required to be included in the report, and*
 - (b) does not contain anything that is incorrect or misleading in a material particular.*
- (3) If the reporting officer subsequently becomes aware of:*
 - (a) information that, had it been known to the officer when the report was prepared, should have been included in the report, or*
 - (b) information that indicates that anything contained in the report is incorrect or misleading in a material particular,*
the officer must ensure that the information is given to the chief executive officer as soon as practicable.

2.8. Cross border controlled operations

Criminal activity and corrupt conduct are not constrained by state borders and so the Act provides for the authorisation of controlled operations that may be conducted across the border of another participating jurisdiction. It also provides for the recognition in NSW of corresponding authorities issued under a corresponding law of another jurisdiction. Schedule 1 of the NSW Act recognises corresponding controlled operations legislation of the Commonwealth as well as of, Queensland, Victoria, Australian Capital Territory, Tasmania and Western Australia.

Section 20C(1) of the Act requires that an application to conduct a cross border controlled operation:

- (a) must be made to the chief executive officer of the law enforcement agency concerned, and*
- (b) must state that the proposed controlled operation is a cross-border controlled operation, and*
- (c) must specify (in place of the particulars required by section 5 (2A) (b)) the relevant offence in respect of which the proposed operation is to be conducted.*

Section 20C(2) specifies that an urgent application for an authority to conduct a proposed cross-border controlled operation may only be made if the applicant has reason to believe that the success of the operation may be affected by any delay caused by making a formal application.

Section 20C(4) requires that as soon as practicable after making an urgent application to conduct a cross-border controlled operation, the applicant must make a record of the application in writing and must give a copy of it to the chief executive officer.

Chapter 3. Accountability under the Act

A three-tier regime of accountability is placed upon on agencies that conduct controlled operations.

3.1. Internal accountability

The first level of accountability exists within the agency itself. In addition to the requirements set out in the previous chapter, section 15 of the Act requires the principal law enforcement officer for the operation to give a report to the chief executive officer within two months after completing an authorised operation. Clause 9 of the Regulation sets out the matters that are to be included in such a report. They include the following matters:

- (a) the date and time when the operation began and its duration,*
- (b) the nature of the controlled conduct engaged in for the purposes of the operation,*
- (c) details of the outcome of the operation,*
- (d) if the operation involved any illicit goods (within the meaning of Part 3A of the Act), a statement (to the extent known) of:*
 - (i) the nature and quantity of the illicit goods, and*
 - (ii) the route through which the illicit goods passed in the course of the operation,*
- (e) details of any loss of, or serious damage to, property or any personal injuries occurring in the course of, or as a direct result of, the operation.*

3.2. External accountability provided by the Inspector of the Law Enforcement Conduct Commission

The second level of accountability is external to the agency and involves the Inspector as both an independent monitoring and inspection authority.

3.3. Notifications

The Inspector must be notified of each authority that is granted, of all variations to an authority, and of each report on a controlled operation that is received by the chief executive officer. Notices must be provided to the Inspector within 21 days of the event to which it relates. Additional requirements are set out in the following parts of the Regulation referred to earlier:

11 Written notice to Inspector of granting of authority

Without limiting section 21 of the Act, a written notice given to the Inspector with respect to the granting of an authority (other than a retrospective authority granted under section 14 of the Act) for a controlled operation must include the following details:

- (a) the date on which the authority was granted,*
- (b) the serial number or other identifying code for the authority,*
- (c) the nature of the suspected criminal activity or corrupt conduct in respect of which the authority was granted,*
- (d) the period for which the authority is to remain in force,*
- (e) the nature of the controlled activities authorised by the authority,*
- (f) the number of participants in the operation, specifying:*
 - (i) how many of them are law enforcement participants, and*
 - (ii) how many of them are civilian participants.*

12 Written notice to Inspector of variation of authority

Without limiting section 21 of the Act, a written notice given to the Inspector with respect to the variation of an authority for a controlled operation must include the following details:

- (a) the date on which the variation was granted,*
- (b) the serial number or other identifying code for the authority to which the variation relates,*
- (c) if the variation extends the period for which the authority has effect, the period for which the authority is to remain in force as a consequence of its extension,*
- (d) if the variation authorises an alternative principal law enforcement officer or secondary law enforcement officer for the operation, the fact that it does so,*
- (e) if the variation authorises additional or alternative persons to engage in controlled activities for the purposes of the operation, the number of persons so authorised, specifying:*
 - (i) how many of them are law enforcement participants, and*
 - (ii) how many of them are civilian participants,*
- (f) if the variation authorises participants in the operation to engage in additional or alternative controlled activities, the nature of the controlled activities so authorised.*

13 Written notice to Inspector of receipt of report of authorised operation

Without limiting section 21 of the Act, a written notice given to the Inspector with respect to the receipt of a report on the conduct of an authorised operation must include the following details:

- (a) the date on which the report was received,*

- (b) the serial number or other identifying code for the authority for the operation,*
- (c) the serial numbers or other identifying codes for any variations that have been granted with respect to the authority for the operation,*
- (d) the serial numbers or other identifying codes for any authorities, and any variations of authority, that have been granted for previous controlled operations with respect to the same criminal activity or corrupt conduct,*
- (e) the nature of the controlled activities engaged in for the purposes of the operation,*
- (f) the number of participants who engaged in controlled activities, specifying:*
 - (i) how many of them were law enforcement participants, and*
 - (ii) how many of them were civilian participants,*
- (g) a statement as to whether the operation was conducted in accordance with the authority for the operation and, in particular, as to:*
 - (i) whether any unlawful conduct was engaged in by any participant in the operation, and*
 - (ii) if so, whether that unlawful conduct was the subject of an application for retrospective authority under section 14 of the Act, and*
 - (iii) if so, whether retrospective authority under section 14 of the Act was granted,*
- (h) the date on which the operation was completed.*

Section 21(2) of the Act also provides that the Inspector may require the chief executive officer to provide any other information concerning the authorities, variations, and reports as is considered necessary for the Inspector's consideration of them.

3.4. Inspections

Pursuant to section 22 of the Act, the Inspector is also required to conduct inspections of the internal records of the agencies in order to assess whether or not the requirements of the Act are being complied with. Inspections of the law enforcement agencies records must be conducted at least once every twelve months although they may be inspected at any time.

Controlled operations are authorised by the chief executive officer or a senior delegate of the agency. This is in contrast to other covert investigative methods, such as the use of surveillance devices and telecommunication interception, which are authorised externally by a means of a warrant which is issued by a judicial officer. The public interest therefore requires adherence to the highest standards of compliance. Accordingly, inspections are designed to carefully scrutinise the documentation which is relied upon at all stages of the authorisation process as well as the reporting obligations which are placed on agency personnel.

All authorities and variations to authorities granted during the reporting period are inspected as is the supporting documentation. A sample of records held by the Principal Law Enforcement Officers responsible for the conduct of the operations may also be examined in order to ascertain how those officers have accounted for the controlled activities which have been conducted.

Section 22(2) of the Act states that the provisions of the *Telecommunications (Interception) (New South Wales) Act 1987* (the TIA Act) apply to an inspection conducted under this section in the same way as they apply to an inspection conducted under that Act.

Pursuant to section 13(1) of the TIA Act the Inspector:

- (a) may, after notifying the chief officer of the authority, enter at any reasonable time premises occupied by the authority, and*
- (b) is entitled to have full and free access at all reasonable times to all records of the authority, and*
- (c) despite any other law, is entitled to make copies of, and to take extracts from, records of the authority, and*
- (d) may require an officer of the authority to give the inspecting officer such information as the inspecting officer considers necessary, being information that is in the officer's possession, or to which the officer has access, and that is relevant to the inspection.*

Apart from those general powers, section 14 of that Act enables the Inspector to obtain other information which is considered to be relevant.

Pursuant to section 15 of that Act a person is not excused from giving information, answering a question, or giving access to a document, on the ground that to do so would contravene a law, would be contrary to the public interest or might tend to incriminate the person. However, information provided under compulsion is not admissible in evidence against an officer, except in a proceeding for an offence under section 22 of the TIA Act. Such offences concern refusing or failing to comply with the Inspector's directions, hindering or resisting an inspection or providing false or misleading information.

3.5. Report to Parliament

The third tier of accountability arises from the Inspector's obligation to provide an annual report to Parliament about the Inspector's work and activities under the Act for the preceding 12 months.

Section 23(2) of the Act requires that certain details, including the numbers that were granted or varied, the nature of the criminal or corrupt activities against which the controlled operations were directed and the number of persons (both law enforcement officers and civilians) who were authorised to engage in controlled activities, are to be included in the report. Information about the activities that were actually engaged in and the number of persons who were involved in them must also be included.

It should be noted that section 24(1) of the Act also imposes certain restrictions upon the information that may be included in this report. Specifically, the report must not include any information that, if made public, could reasonably be expected:

- (a) *to endanger the health or safety of any person, or*
- (b) *to disclose the methodology used in any investigation (whether or not an authorised operation) that is being, has been or is proposed to be conducted by any law enforcement agency, or*
- (c) *to prejudice any investigation (whether or not an authorised operation) that is being or is proposed to be conducted by a law enforcement agency, or*
- (d) *to prejudice any legal proceedings arising from any such investigation.*

3.6. Transfer of responsibility to the Inspector of the Law Enforcement Conduct Commission

Following the introduction by the Government of legislative changes to civilian oversight of law enforcement agencies in NSW, the Office of the Inspector of the Law Enforcement Conduct Commission (Inspector of LECC) was created. The functions previously carried out by the NSW Ombudsman under the *Law Enforcement (Controlled Operations) Act 1997* were transferred to the Inspector of the Law Enforcement Conduct Commission in transitional provisions. Those legislative changes came into effect on 1 July 2017. As from that date, the Inspector has taken possession of all relevant information, documents and records previously held by the Ombudsman in relation to this function and has also taken over the Ombudsman's work in progress.

For the purposes of this report, inspections conducted prior to 1 July 2017 were performed by the NSW Ombudsman. From 1 July 2017, the responsibility for inspections was conferred upon the Inspector of LECC. Amendments to the LECC Act which came into

effect on 25 September 2017 enabled the Inspector to delegate those functions to nominated members of staff. Appropriate delegations are now in existence. The Inspector of LECC is authorised by the transitional provisions in Schedule 3 to the Law Enforcement Conduct Commission Act, 2016 (the LECC Act) to assume responsibility for the preparation of this report.

This report is therefore submitted under s23(1) of the Act to the Parliament by the Inspector on the work and activities under the Act for the preceding 12 months. This report is submitted in compliance with this obligation.

The legislative changes referred to above also created a new agency, the Law Enforcement Conduct Commission (LECC), which from 1 July 2017 replaced the Police Integrity Commission (PIC). LECC now exercises the surveillance device warrant powers which, prior to 30 June 2017, were conferred on the PIC. There are therefore references in this report to the PIC as this Report relates to the period ending 30 June 2017 when PIC was still in existence.

Chapter 4. Outcome of inspections

4.1. NSW Police Force

As indicated earlier, section 23(2) of the Act requires that certain information in relation to each law enforcement agency be included in this report. Specific data relating to the operations conducted by the NSW Police Force is included in appendices A and B to this report. The records maintained by the NSW Police Force and inspected by the staff of the Office of the Inspector disclosed the following information about the 2016/17 reporting period:

- 412 authorities were granted by the Police Commissioner's delegates, of which 12 were urgent authorities and 38 were cross border operations.
- Of the 412 authorities granted, 114 were varied. Of those 27 were varied on more than one occasion. Some of those variations were in respect of operations granted in the previous reporting period.
- 254 operations were completed.
- 85% of operations targeted drug offences, firearm offences or both, although in many instances an operation will target a range of criminal activities. Accordingly, the following figures are but a representative guide of all controlled activities:
 - Drug offences (251)
 - Firearm offences (49)
 - Drug and firearms offences (42)
 - Murder and related offences such as solicit or attempt (18)
 - Drug offences, proceeds of crime and money laundering (11)
 - Child exploitation and child sexual offences (9)
 - Fraud offences and money laundering (7)
 - Proceeds of crime (5)
 - Terrorism and firearm offences (5)
 - Drug and robbery offences (5)
 - Robbery and firearm offences (5)
 - Other (sexual assault, assault and vehicle rebirthing) (5)
- Of the 412 authorities that were granted, a total of 12,581 law enforcement participants and 310 civilian participants were authorised to participate in operations. The number of law enforcement participants authorised to be involved in individual operations ranged

from 1 to 194, while the number of civilian participants authorised to be involved in individual operations ranged from 1 to 7.

- The number of people who are authorised to participate in controlled activities frequently exceeds the number who actually participate. Of the 254 operations completed, there were 259 law enforcement participants and 142 civilian participants who actually engaged in controlled activities. The maximum number of participants who engaged in controlled activities in any particular operation was 14 law enforcement participants and 5 civilian participants.
- There were 294 arrests made and 1,397 charges laid as a result of the controlled operations which were completed.
- No controlled activities actually occurred in 50 of the operations which had been authorised.

It is to be noted that inspections were all conducted at the Covert Applications Unit. During those inspections a number of other administrative defects of a minor nature were pointed out to the relevant staff. Those matters were satisfactorily addressed by those staff members.

4.2. NSW Crime Commission

During the reporting period the NSW Crime Commission did not conduct any controlled operations under this Act.

4.3. Police Integrity Commission

During the reporting period the Police Integrity Commission did not conduct any controlled operations under this Act.

4.4. Independent Commission Against Corruption

During the reporting period the Independent Commission Against Corruption did not conduct any controlled operations under this Act.

4.5. Australian Crime Commission

During the reporting period the Australian Crime Commission did not conduct any controlled operations under this Act.

4.6. Australian Federal Police

During the reporting period the Australian Federal Police did not conduct any controlled operations under this Act.

4.7. Australian Customs and Border Protection Service

During the reporting period the Australian Customs and Border Protection Service did not conduct any controlled operations under this Act.

As will be apparent, controlled operations conducted during the reporting period, were only conducted by the NSW Police Force.

Chapter 6. Notifications – NSW Police Force

6.1. Overview

Section 21 of the Act requires that the Inspector is to be notified in writing when an authority, or any variation to an authority, is granted and also when the chief executive officer of the agency receives a report on the conduct of an authorised operation.

Nevertheless, there were a number of occasions on which such notifications to the Inspector were delayed. There were also a large number of occasions on which conduct reports and notifications of the receipt of conduct reports were not provided within the required statutory time frames.

Between 2010 and 2014 the NSW Ombudsman regularly reported on the failure of the NSW Police Force to meet statutory timeframes on the provision of conduct reports to the CEO's delegate, and a similar failure in respect of notifications to that office for the receipt of conduct reports. In 2014-2015 the NSW Ombudsman noted that there had been an improvement in this area. However, this improvement was not sustained for the 2015-2016 reporting period. As a result the NSW Ombudsman recommended in the 2015-2016 annual report that:

The Commissioner of Police require action to be taken (by his staff) to identify the reasons for the decline in the timely provision of these reports and notifications, and ensure that appropriate local action is taken to meet the statutory timeframes in the future.

As will be evident from the tables produced below there still remains a significant problem about the timely provision of these reports and notifications. Indeed, at the time of writing, 138 reports remain outstanding.
